

DevOpsDays

DevOpsDays Riga 2018

27-28 September 2018

Park Inn by Radisson Riga Valdemara

About DevOpsDays

DevOpsDays.org is a worldwide series of technical conferences and it was held in Amsterdam for the first time in 2009. Following the worldwide success of format of DevOpsDays we organised DevOpsDays Riga 2017 and sold out all 240 tickets, 20% of them were from abroad. Now we are proud to invite you to DevOpsDays 2018 in RIGA!

DevOpsDays is a self-organizing conference and brings together leaders in Software Development and IT Operations to collaborate and learn from each other.

It is both a technical conference and a conference focusing on culture, processes and structure within organizations. We encourage both technologists and business people to attend, learn and share experiences.

Become a partner

By sponsoring DevOpsDays you'll get the opportunity to network and build relationships with highly motivated developers, sysadmins, IT executives and managers within the Latvian and other Baltic states DevOps communities. We aim to have up to 350 attendees and have 30-40% of attendees from abroad.

Our sponsorship packages are constructed to offer our sponsors lead generation, networking, branding, and talent recruitment.
